S6 EVENT OPERATIONS

S6.1 Driver Allocations

S6.1.1 Each Competitor shall nominate one driver as Driver A and one driver as Driver B prior

to the commencement of the event. Driver A will compete in Qualifying Session 1 and Race 1, while Driver B will compete in Qualifying Session 2 and Race 2.

S6.1.2 Either driver may start Race 3, however the starting driver must be nominated in writing prior to a time nominated by the Organisers.

S6.2 Driver/Team Manager Briefings

S6.2.1 Each Driver and Team Manager (or nominated Team representative other than the Driver) will be required to attend a compulsory Briefing, to be held prior to practice at a time and location to be nominated in the Further Supplementary Regulations and Schedule. Other compulsory Briefings may be convened as required.

S6.3 Compulsory Pit Stops (CPS)

S6.3.1 During Race 3 each automobile shall complete one (1) compulsory pit stop (CPS) during the prescribed CPS window. This CPS may include a driver change.

S6.3.2 The CPS window shall open at 40% of the scheduled race distance and close at 60% of the scheduled race distance.

S6.3.3 During a CPS each Competitor is permitted to conduct a driver change, a wheel change, or a combination of these and there is no restriction (with the exception of re-fuelling) as to work that can be carried out on the automobile. Re-fuelling is expressly forbidden at all times from when the automobile enters the designated Marshalling Area until the automobile leaves the Circuit after completion of the race. Tyre changes can be completed during the CPS, using hand tools only.

S6.3.4 An automobile shall be deemed to have commenced its CPS minimum stopped time (refer Article S6.3.11) when it comes to a complete stop in its allocated pit bay.

S6.3.5 Prior to an automobile stopping in its allocated pit bay, all associated team members (except the Car Controller) and equipment must be behind the prescribed Pit Lane line.

S6.3.6 Engines must be turned off during the CPS.

S6.3.7 Prior to an automobile leaving its allocated pit bay, all associated team members (except the Car Controller) and equipment must be back behind the prescribed Pit Lane line.

S6.3.8 A maximum of two (2) team members (not including the Car Controller) are permitted to cross the prescribed Pit Lane line to work on an automobile during a CPS. If extensive work is required to be performed on an automobile during a pit stop, the automobile, with prior approval from the Chief Scrutineer, may be permitted to be moved to the garage to complete the work once the CPS is completed. In such instances, the number of team members permitted to work on the automobile is free.

S6.3.9 Should a driver change be performed during a pit stop, the in-coming and out-going Drivers shall not be deemed a team member for the purposes of the above Regulation. Other than assisting each other to enter and/or exit the automobile, neither Driver is permitted to perform work of any kind on the automobile during a pit stop.

S6.3.10 The Car Controller is not permitted to perform work of any kind on the automobile during a CPS. This includes but is not limited to moving any equipment or pushing the automobile, unless in the interests of safety.

S6.3.11 During a CPS each automobile must remain stationary in its allocated pit bay for a minimum stopped time of two (2) minutes. Any automobile failing to comply with this may be subject to a Pit Lane timed stop or additional race time penalty equal to two (2) times its CPS minimum stopped time.
