

Track Access Procedures

Shannons Motorsport Australia Festival Track Access Procedures

Shannons Motorsport Australia Festival to be held 11-13 December 2020 at the Sandown International Raceway in Victoria will be held under the Motorsport Australia return to race requirements.

In order to facilitate the mandatory Covid-19 contact tracing requirements everybody that is allowed access to Sandown Raceway must be registered prior to gaining access to the venue on each day of the event.

The following outlines the details of the procedures that must be followed by all participants in the event. Please read and understand these procedures in order to make access to the track as quick as possible.

It will help us enormously if not everybody arrives at 7:00am as the number of vehicles trying to enter first thing may well create long queues. Please consider arriving latter in the day if your first event is not on first thing

Please be patient

Please help us to help you

Initial Entry

- You will enter the Venue via the Dandenong road gate.
- Competitors Contractors, and crew will be checked in at the check in bays near the Red Hill area
- Officials will be checked in at the Wedge Carpark
- You will be directed to the correct check area as you enter the circuit

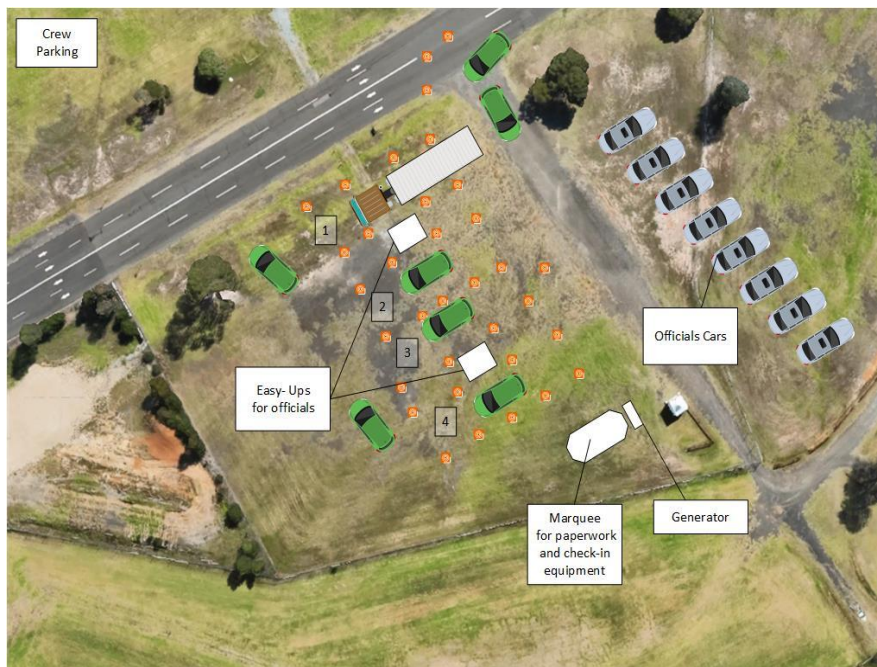

Competitors and Crew Check-in

At the Competitor, Contractor and Crew check in area 4 bays will be set up to process participants into the event

The following procedures will take place at the check-in area: -

1. Prior to the Bays you will be asked if the car you are in is the tender vehicle for your entry. If it is, the official will affix the label to the screen. There is only one tender vehicle pass per entry.
2. If you have the Motorsport Australia App loaded on your mobile phone open the app before you get to the bay so that the official can read the QR Code. (this is our preferred method)
 - a. Follow this link for instructions on how to download the app
 - i. <https://motorsport.org.au/membership/app>
3. If you have a Motorsport Australia Licence but do not have the App. Have your licence ready to show the official.
4. The above scanning process will both record your attendances for Covid-19 Contact Tracing purposes and event entry requirements.
 - a. You will not need to take any paperwork to be checked by a manual check-in process.
 - b. All entry validation will take place prior to the event. If there are any issues with your entry you will be called up to garage 34 on an individual basis.
5. For your pre-registered crew, they will have received a QR code they will need to show that code to the official. **All crew will need to pre-register.**
6. You will be given a wristband which you will put on yourself.
 - a. A different colour for Crew and Driver (make sure you get this right as only the driver wristband will allow access for competition)
7. If you have been issued with a tender pass, proceed to the Pit entry gate
8. All other cars must park in the area opposite the check-in bays
9. Trailers must be parked outside the paddock area after you have dropped your car off
10. If you leave the circuit, you will need to go through the check-in process again.
11. Please be patient and help us to help you.

Officials Check-in

At the officials' check in area 2 bays will be set up to process officials into the event

The following procedures will take place at the check-in bay: -

1. If you have the Motorsport Australia App loaded on your mobile phone open the app before you get to the bay so that the official can scan the QR Code. (this is our preferred method)
 - a. Follow this link for instructions on how to download the app
 - i. <https://motorsport.org.au/membership/app>
2. For officials' that don't have the App. Have your licence ready to show the check-in official.
3. You will be given a wristband which you will put on your wrist.
4. Park Your car in the Officials Parking area
5. Proceed to Gate 3 to enter the Venue
6. Proceed to the Vintage room to get your: -
 - a. Radio
